| From | November 23 rd | 1937. |
| To | June 28 th | 1938. |

Minutes of a General Meeting of the Union held
in the Music Studio on Tuesday Nov. 23rd 1937 at 1.20.

Mr Brown was in the Chair.

Minutes of two Extraordinary and of one Ordinary
meeting were read and signed as correct.

2. The Junior Treasurer presented his report for
the season 1936-7. The year had been
quite a good one financially with a surplus of
£38-6-4½ to be added to the reserve fund. The
outstanding items of the report were; Total Income £364
(after deducting A.H. Grant) Cost of issuing Women's News
£49-11-0, Choral Society had cost £33-11-0
and West Lane £42-14-0. Most Societies had
managed to keep within their estimates & so leave the
£38-6-4½ to go to the reserve fund which now stood
at about £250.

The report was adopted & Mr Newman pointed
out that the Choral Society, although its grant had
been cut down, would have been within its grant
had it not had outstanding bills to pay.

3. Budget for 1937-8 was presented by J. S. & approved. A Reduced income of £890-0-0 was expected of which £348 concerned the meeting, the remaining £540 being handed over to A.M. The most noticeable change was a rise in the estimate cost of Wessex News to £45. While West Laver, reduced to two issues per season was estimated to cost only £25. A Balance of £34-12-0 had been budgeted for but balance was not expected to materialise.

Mr Archard asked if it would not be possible for the orchestra grant to be raised from £3-0-0 in order that instruments might be provided for certain members. He was informed that the correct procedure would be to write to the mtr.

Mr Council was informed that the J. S. would require notice of his grant as to the actual amount of the Reserve Fund, when it was held at what rate of interest.

4. The Extension of Library hours to 7 pm. in the evening was proposed by Mr H. Newman on the ground that numbers of people stayed in College to meeting started in the evening at 6. That at the moment workers to spend the time from 5 to 6 pm. The proposition was supported by

Russell hall on the grounds that the Library was more
suitable for work than the conditions that most students
found at home in the early evening. The president
agreed to discuss the matter with the Librarian & suggested
that the Library be used purely as a Reference library
from 6-7 since difficulties of shortage of staff would
arise if it were open under other conditions.

The meeting closed at 2.30pm in the absence of other
business.

Minutes of a General Meeting of the Union held on Monday
May 9th at 1.30 in the Music Studio.

Mr Brown was in the Chair.

①. The chairman announced that a letter of sympathy was being sent to the parents of Stephen Leach, a student in the Engineering Department who was killed in an air crash on Saturday May 7th. A Wreath from Student & Staff was being sent in addition to those from Boat Club & Engineering Faculty. For this a collection was made.

② The Minutes were read & approved

③ Business Arising. (i) The request for extension of library hours from 5 to 7 p.m. had received the sympathetic consideration of the Librarian & was to come before the Library Committee shortly.

(ii). The question raised regarding the repair to cycle stands & the position of Russell Hall table in Refectory had now been settled.

④ In the absence of correspondence the chairman outlined the recent developments with regard to the books missing from the Library. Recent stock taking had shown that considerably more books than previously anticipated were missing & for that reason steps had been taken to stop an increase in that number;

the gate had been brought into use again & well staffed & students were being asked to show all books as they left the library. Further measures such as the introduction of membership cards ^{to} which ~~the~~ students signed an agreement to abide by certain rules, might be necessary next session, but meanwhile students were asked to appreciate what privileges did exist & in their own interests the chairman asked that books be replaced on their proper place on shelves, that books left on the tables during library hours be left neatly so that the tables could be used by other people & that silence be observed.

③ Report of A. U. T. Meeting.

The chairman outlined the discussions which had taken place at a recent meeting of 3 student delegates with the local branch of A. U. T. comprising about 25 members of staff including Professors & Heads of Depts., on the questions of Compulsory Lectures & Lecture Summaries, Extended Bibliographies, access to Lecture in other departments & the External Examination System. Most of these matters had received sympathetic consideration & it was proposed by N. Smith, seconded by Mr Campbell that further discussion should take place in the Faculty Society meetings (to be held on Friday May 13th). Carried.

(6) New College Blazer. A demand for a lighter blazer than the plain blue college blazer at present on sale had been expressed and as the Athletic Union Comm. had refused to make the present Colours blazer the general N.U. blazer, the chairman asked members of the Union to send in to S.C. suggestions ~~designs~~ for a new design.

7 A.O.B.

(1) The Chairman handed the Meeting of the Section of Prof. Adam inaugural to the Chair of Chemistry

(2) He tells 8 o'clock in the college it was suggested by Mr Hatchwell that S.C. recommend that the bells be repaired & that a 2 faced clock be installed over the notice board in the entrance hall. Agreed

(3) Mr G.H. Smith suggested that since N.U.S. had affiliated to the B.Y.P.A. the Union ought to consider the question of the local B.Y.P.A. becoming a Union Society. Since the creation of Union Societies was a matter for S.C. the suggestion was deferred.

(4) Miss Davis was asked to pass on to S.C. her recommendation that art exhibits be held in College instead of in the School of art & to ascertain the feelings of all concerned

(5) Mr Pearce (Dk) asked for more registrations with

the London Appointments Board in order to ensure
the pending visit from Mr Ball.

The meeting closed at 2.10. p.m.

Minutes of an Extraordinary Meeting of S.C. held at 1:00 pm
in Room 40 on Thursday 12th May.

Mr Brown was in the Chair.

The Chairman outlined what he felt to be the position of himself, the Vice-President and the Secretary with regard to the boycott which had taken place in regard to Refectory on Wednesday. Stating what he felt might be implied from the fact that this action had not been taken through constitutional channels, he said that he took the view that the Union did not place any faith or confidence in him or his two co-officers. He, and they, implied this from the facts. After much quiet discussion it was pointed out that he had not implied the correct situation from the facts and the three officials agreed to ask for a vote of confidence in themselves, which, if not forthcoming at the Extraordinary Meeting of the Union to be held that day, would lead to their resignation.

The meeting closed at 1:25 pm.

A. R. Brown.
19.5.56.

Minutes of an Extraordinary Meeting of the Union held on
Thursday May 11th at 1.20 in the Assembly Hall.

The President outlined what he considered to be
implications of the unconstitutional & action of the majority
of the Union in boycotting majority on May 11th and
stated that the Vice President, the Secretary himself had
decided the only course was to resign.

Mr D. B. Stone was elected to the Chair and
after a large majority of the meeting had voted against
accepting the resignations of the three officials the President
resumed the position of Chairman.

The President again pointed out the action taken had
indicated a lack of confidence and Mr Archard
stated that it was not correct to judge from an
isolated instance. In reply to Mr Hall's deprecation of
the absence of any action on a similar occasion
last Session the President pointed out that the
time to take action would have been immediately after
that meeting occasion.

Mr Ellis, after deprecating the fact that the
matter had appeared in the local & national press, outlined
four possible improvements for which the meeting might

make representation viz. (1) Have lunch served in Hall
This he considered was for many reasons impossible

(2) Each member be responsible
for providing his own lunch given the financial
allowance now made to Refectory. In view of the
geographical situation of College this seemed impossible.

(3) Improved food under
present arrangements

(4) A system of outside catering.

Having dismissed the latter possibility as
unlikely to receive any sympathy from the Hall &
Refectory Committee he enumerated instances of food of
inferior quality being served and proposed that "This
morning is disappointed with the food at present served in
Refectory and proposes to send a delegation to Hall & Refectory
Committee". Seconded by Tomlinson. Carried.

The Chairman pointed out that the Committee would
meet on Tuesday and asked for opinions as to the
size of delegation to be sent.

After some discussion, Mr Newman's proposal
that 2 delegates from each resident hall or cluster, was
amended to include one delegate from Russell Hall &
carried.

| The following | members were elected |
| South Sturham | Messrs Fall & Bown |
| Comauget | Messrs Ellis & Ginn |
| Higbyfield | Messrs Barker & J. Wilkinson |
| Russell | Mrs D. R. Pearce. |

After a short discussion of the grievances which should be considered it was proposed by Mr Francis, seconded by Mr Tomlinson, that the matter be left in the hands of the delegation. Carried

This closed the meeting at 2.15 p.m.

Extraordinary Meeting of S.C. held 14th May at 1.00pm
in Room 40.

The President stated that the Principals' point of view, regarding the delegation elected at the Extraordinary Meeting of the Union on 12th May, was that it was unconstitutional. The S.C. was, in his view, the body which should elect such a delegation.

Mr Taylor proposed that S.C. should ratify the delegation elected by the Union.

On grounds of expediency it was decided to appoint a delegation consisting of the President, three members of S.C., Mr Deane, Miss Barker and Miss Wilkinson, and three members of the Union other than S.C., Messrs Fell, Ellis and Firth.

Miss Wilkinson suggested that the delegation not be explained to the Union in the structure suggested in order to make it more acceptable.

The meeting closed at 1.20 pm.

the President submitted the following names as a
suggested delegation put forward by S. C. for satisfaction
Messrs J. Wilkinson & J. Barker, Messrs Percy Hall
Ellis, Hun and Brown. Approval.

After the President then outlined the major points
for which the delegation were intending to stress viz.

- ① a statement of the position with regard to the New Reporters
- ② Arrangements for next year - pointing out the undesirability
of everyone returning to Halls for lunch.

College Photo Panora had agreed to take this at 1.15 pm on June 9th.

Refectory A full report from the Halls and Refectory Committee would not be available until the findings had been ratified by the College Council, but an extract from the Minutes was communicated to S.C., comprising four recommendations.

- 1) Recommendations of the Students' Union with regard to menus to be adopted as far as possible for remainder of current Term.

Decided to refer the question of a snack-bar to a meeting of the Union.

Correspondence

Apologies for their absence were sent by Miss Barker and Miss MacClachlan.

Letter from N.U.S. with regard to the Council Meeting to be held at Bristol on July 2nd - ~~3rd~~ 4th.

On grounds of economy it was decided

to send only one delegate and the President proposed that Mr. Moore be sent. Agreed.

A letter was read from the Student Christian Association with regard to the bombing of the National Hunan University of China by the Japanese, asking for publicity to be given to the statement. Agreed that it should be read at a Union Meeting.

4. Going Down Dinner

This was fixed for Friday, June 24th. in the Refectory, arrangements to be left in the hands of the Hospitality Committee.

5. Union Blazer

Report of Student Health Sub-Committee

The following recommendations were approved and were to be submitted to the Union.

a) Each student before entering College should undergo a ~~medical~~ compulsory medical examination by his own doctor and that a report of this be sent to

the Medical Officer at College for filing

b) That the present system of Doctors attached to Halls be abolished and Senate be asked to appoint a permanent Medical Officer of Health who would receive a paid honorarium from College and who would be available to students for consultation and free attendance at the Halls for minor illnesses. This would have the

advantage of including Russell & Montefiore.

c) a scheme of Health Insurance to be investigated and an enquiry to be made as to the possibility of including all students under the Hospital's Contributory Scheme at a flat rate, so that free hospital attention could be received throughout the year.

Suggested that students should pay a small sum annually, say, 2/6, and the remaining cost to be met by grants from the College, Union and Athletic Union.

The Secretary of the Southampton Hospital

had agreed to discuss the matter with the Health Committee on Wednesday.

Mr Pearce suggested that local B. of E. students and private students might also have their examination conducted by the College Medical Officers as it would probably result in a reduction of the usual charge.

The President then read a letter from Bristol Students' Union giving an outline of the health scheme to be put into operation there.

6. Union Blazer

The President, with mysterious and occult ritual, read a letter from Basticks' quoting prices for the new blazer and enclosing 'paste-ups' of the proposed design. S. C. approved the design recommended by the Sub-Committee of a deep maroon background with thin blue stripes having a gold thread down the middle, ~~and~~ which would be of the same design as the Colours blazer except that maroon and blue were interchanged. Decided to refer to Union for approval.

7. Future Policy of Wessex News.

Mr Taylor said that the Principal had informed him of his intention to withdraw his patronage from 'Wessex News' on the grounds that articles and correspondence published in it were inimical to the interests of College.

It was the editorial view that 'Wessex News' in providing a forum for discussion and free expression of opinion served a useful purpose, and S.C. agreed.

The question of its continuance next Session was to be referred to the Finance Committee and the Union, and it was stated that a fortnightly publication would involve a Union grant of £30 at the maximum.

8.

A. O. B

A copy of Senate Minutes with regard to College Publications was read.

It had been resolved that in future there should be three publications of the College

College.

Permission was granted to the ^{local} promoters
of the Empire Cancer Campaign for the sale
of Flags at the College on June 18th.
on the clear understanding that this
was not to be taken as a precedent.

Mr Pearce proposed that N.U.S. be
asked to investigate the whole question of
Local and other examination fees. Agreed.

The President reminded S.C. that the
next meeting would be a joint meeting
of incoming and outgoing Councils and
appealed for a full attendance.

That for the remainder of this term the transcripts be requested to put into effect as far as possible the Students' Recommendations with regard to Menus.

2. for session 1938-9 fees be reduced by the price of lunches which would not be included in the fees.

5. Design of Union Stager.

The design recommended S.C. was adopted and after a motion by Mr Campbell seconded by

13th June.1938.

The Secretary of Senate,
University College,
Southampton.

Dear Sir,

The Students' Council has
instucted me to request you to
submit the enclosed memorandum on
Student Health for the consideration
of Senate at its meeting on Wednesday.
the 15th. instant.

Yours faithfully,

Student Health: Recommendations from the Students' Council
to Senate, June, 1936.

A sub-committee of the Students' Council has been considering the possibility of the provision in the College of a comprehensive scheme of student health services. The N.U.S. Report on Student Health has proved a very useful basis for this inquiry. This report emphasises the need and the growing opinion in favour of the provision of student health services in the Universities. It quotes the recent report of the University Grants Committee, which advocates the provision in the Universities of facilities for Physical Training and of some form of student insurance against illness.

The recommendations of the sub-committee have been accepted by the Students' Council and approved by a General Meeting of the Union. These recommendations are:-

1. That all students should be required to undergo a thorough medical examination before entry to College, on lines to be laid down by the College authorities. It is felt that medical examination should form the basis of a student health scheme, since treatment of disease is frequently less important than knowledge concerning the state of the individual's health. Students are likely either to worry unduly over imaginary ailments or to ignore entirely various symptoms which may later become serious.

We suggest that forms should be issued by the College authorities to be filled in by the doctor conducting the examination, and later filed. The information thus obtained would be, of course, highly confidential, and the examination should in no way be prohibitive of entrance to the College.

In the case of Education students, the College form should be filled in in addition to the one issued by the Board of Education. The medical examination of intending teachers is in many cases at present of an extremely perfunctory nature, and the form issued, since it is designed for the purpose of the examination, which is only to show whether the student has any major physical defect, especially of sight, hearing or speech, which would be likely to unfit him for teaching, is felt to be insufficient for the purpose we envisage.

2. That a College Medical Officer be appointed, in place of the existing Hall Doctors. We suggest that the duties of this Officer should be:-

- (a). to file the medical examination forms for reference purposes.
- (b). to be available (preferably at College) at specified times, e.g. once a week or fortnight, to give advice, but not treatment, to students who felt in need of it.
- (c). to perform the functions of the existing ~~xx~~ Hall Doctors i.e. to visit students confined to their Halls on account of sickness, and in need of advice, prescription or simple treatment.

3. That all students should be encouraged to join the Southampton and District Hospitals Association Contributory Scheme. This possibility has been discussed with the Secretary of the Association, who ~~x~~ was of the opinion that the governing body of the scheme would be willing to admit students.

This would provide complete cover for all hospital treatment in any of the hospitals in the scheme, or in a hospital in any part of the country where a student happened to be taken ill or meet with an accident. The scheme also provides for convalescence where necessary.

The weekly contribution to this scheme is 2d. We feel that the student's financial burden should be kept as light as possible, and that it would therefore be desirable if the scheme could be subsidised by the College authorities and by the Students' Union. We suggest that of the annual contribution of ~~ss~~ 8d, the maximum amount which the student should be asked to pay should be 5/-, that the College be asked to pay 2/6d., and that the difference should be paid from Student Union funds. We feel that membership of the scheme should be voluntary, but that the majority of students should be encouraged to join it.

e) A letter was read from the Registrar informing S.C. that a 'Supplies Committee' was to be set up to replace the Catering-Sub-Committee and that there would be no student representative on this new Committee.

Mr. D.R. Pearce proposed that inquiries should be made as to why a student representative was to be excluded and that a statement of the reasons should be made to S.C.

Carried.

Mr Taylor said that the whole question of student representation would be more satisfactory if the Students' Council were to have a representative in Senate. 4. Union Budget - 1938-9

Before presenting the budget the Junior Treasurer gave a financial report for the current session. This was deemed satisfactory and adopted.

Presenting the budget for next session the Junior Treasurer said that this had been drawn up on the estimate of a drop of forty in the number of students. If this number were exceeded the allocations would have to be revised next term.

An income of £300 had been anticipated and a surplus of £16 budgeted for. It was agreed to publish 'Wessex News' fortnightly ^{throughout the session} ~~in a large edition~~ and an allocation of £42-10-0 had been made.

A larger edition was recommended for the first term, the position to be reviewed at the end of that term, with a view to continuing with it for the Easter term. The present size was recommended for the Summer term.

One issue of 'West Saxon' to be published at a cost of £20.

The estimates were approved and adopted.

5. Responsibility for Rags. The President outlined the circumstances arising from two Rags which had been perpetrated on the flagstaff.

The persons responsible for the second Rag were known and were prepared to take responsibility, but no information could be obtained with regard to the first Rag. Discussion then took place on the question of the principle of responsibility for Rags and it was resolved that.

(1) If it were known that students were responsible for a Rag and the individuals refused to accept responsibility then S.C. must ~~would~~ take responsibility.

(2) No payment should be made in respect of Rags unless it was proved that students were responsible.

A bill for £1-12-6, afterwards reduced to £1-7-6, had been received from Mr. Kiddle in respect of the first Rag and it was resolved that S.C. should not pay this, unless definitely proved to have been done by students.

6. A.O.B. In connection with the diary and handbook it was proposed and agreed that the College should provide a handbook with no diary, but blank pages were recommended instead.

Mr Moore proposed that as the collections for the I.S.S. appeal for Austrian students could not be properly organised now, that further efforts be made and that an allocation of £2-10-0 be ~~be~~ made by S.C. to be added to the collections. Carried.

S.C. Photo - arrangements were in hand for taking this on Thursday.

The President then wished every success to next Session's President, Vice-President and Students' Council.

The Meeting closed at 7.5 p.m.
